Thank you for creating with WordPress.

Get Version 4.5.2

Slider Option :

1. You can manage Slider images by going to LayerSlider WP .
2. Click here to generate new slider

WordPress 4.5.2 is available! [Please update now.](#)

LayerSlider WP An update is available for LayerSlider WP!
You have version 5.5.0. The latest version is 5.6.8.
New releases contain new features, bug fixes and various improvements across the entire plugin. Set up auto-updates to upgrade to this new version, or request it from the author of your theme if you've received LayerSlider from them. [Click here](#) to learn more.

LayerSlider WP Would you like to receive automatic updates and premium support?
By activating the plugin with your Item Purchase Code you can receive update notifications with one-click installation and better support services. This is optional and not needed if you've received LayerSlider bundled with a theme. [Hide this message](#)
